ELABORATION

We elaborate this wine with grapes from the finca "Santa María" estate together with grapes from loyal grape growers from different villages located mainly in Valladolid and Burgos. Our winemaking process seeks a fresh, fruity style of wine, a reflection of the typicity of the Ribera del Duero, with a short ageing period in used barrels to round off the race and vigour of the grape of this region.

TIME IN BARREL

8 months in French and American oak barrels, with a small percentage of new barrels and the rest from various uses barrels. Subsequent refining in the bottle for at least 2 months before market release.

TASTING NOTES:

Appearance: Ruby red colour with violet tones.

Nose: Aromas of red berries and violet floral overtones.

Palate: Pleasant on the palate with great texture, volume and melted tannin.

A wine with good length and a spicy aftertaste.

PAIRING

A fresh and fruity wine perfect for an aperitif or to drink with pasta, rice or white meat dishes.
